InRoad has been funded by the European Union's Horizon 2020 Research and Innovation programme under grant agreement No 730928.

synchronising research infrastructure
roadmapping in Europe

Specific Objectives and Activities

Develop **common definitions** and **methodological frameworks**, considering the **full lifecycle of RIs**.

Undertake a **consultation** and **hold validation workshops** in order to extract and analyse the practices at regional, national and European level and to **identify best practices in national RI roadmapping**.

Conduct **in-depth case studies** with selected RI in order to examine the usage of different funding instruments at regional, national and European levels.

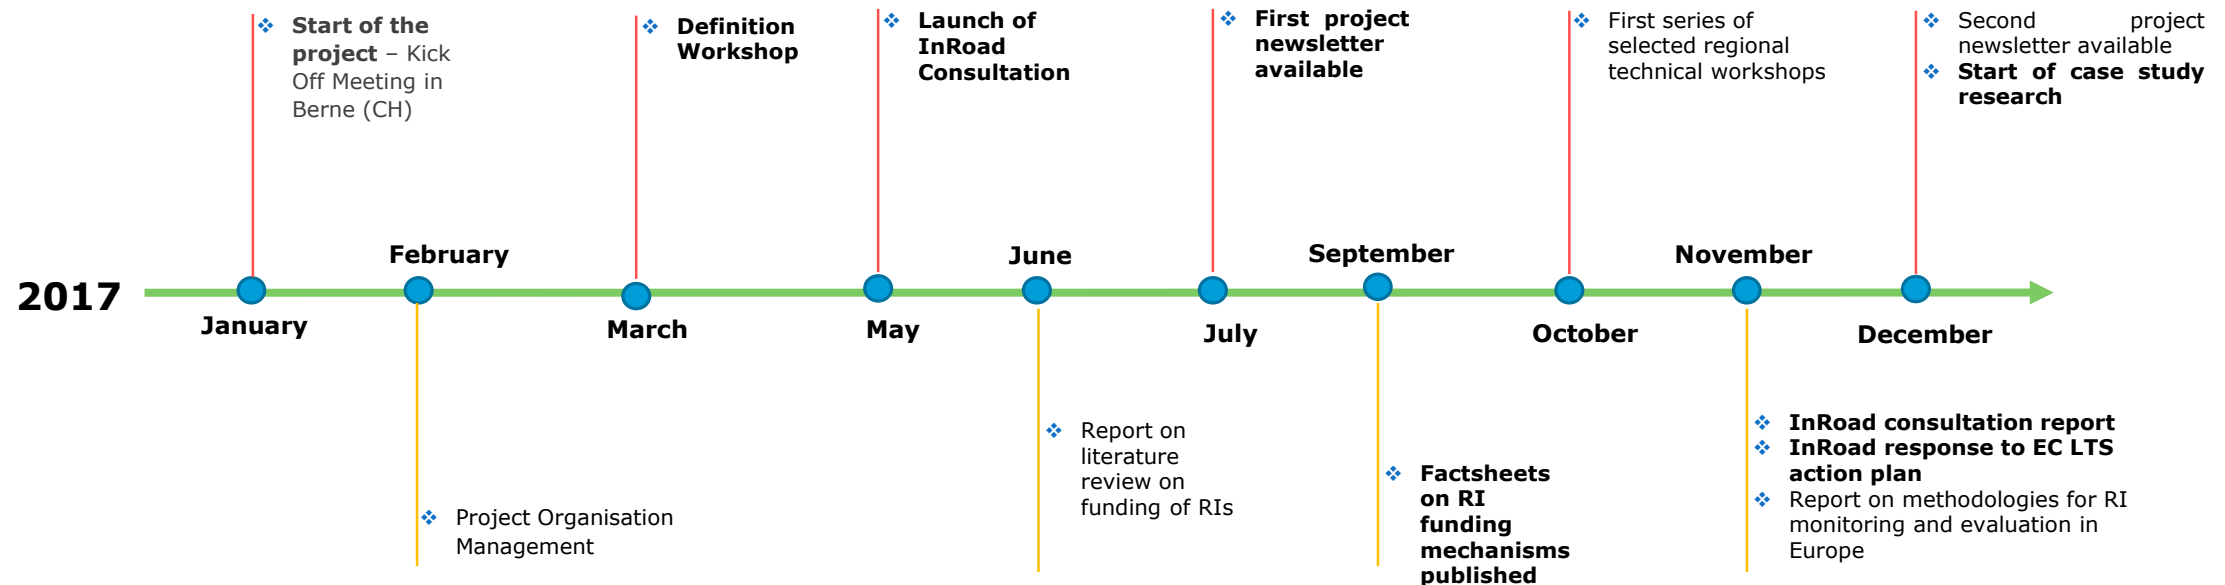

Develop **good practices for efficient business models** in order to improve sustainability of RIs and to foster the exchange of best practices among policy makers, funders and operators.

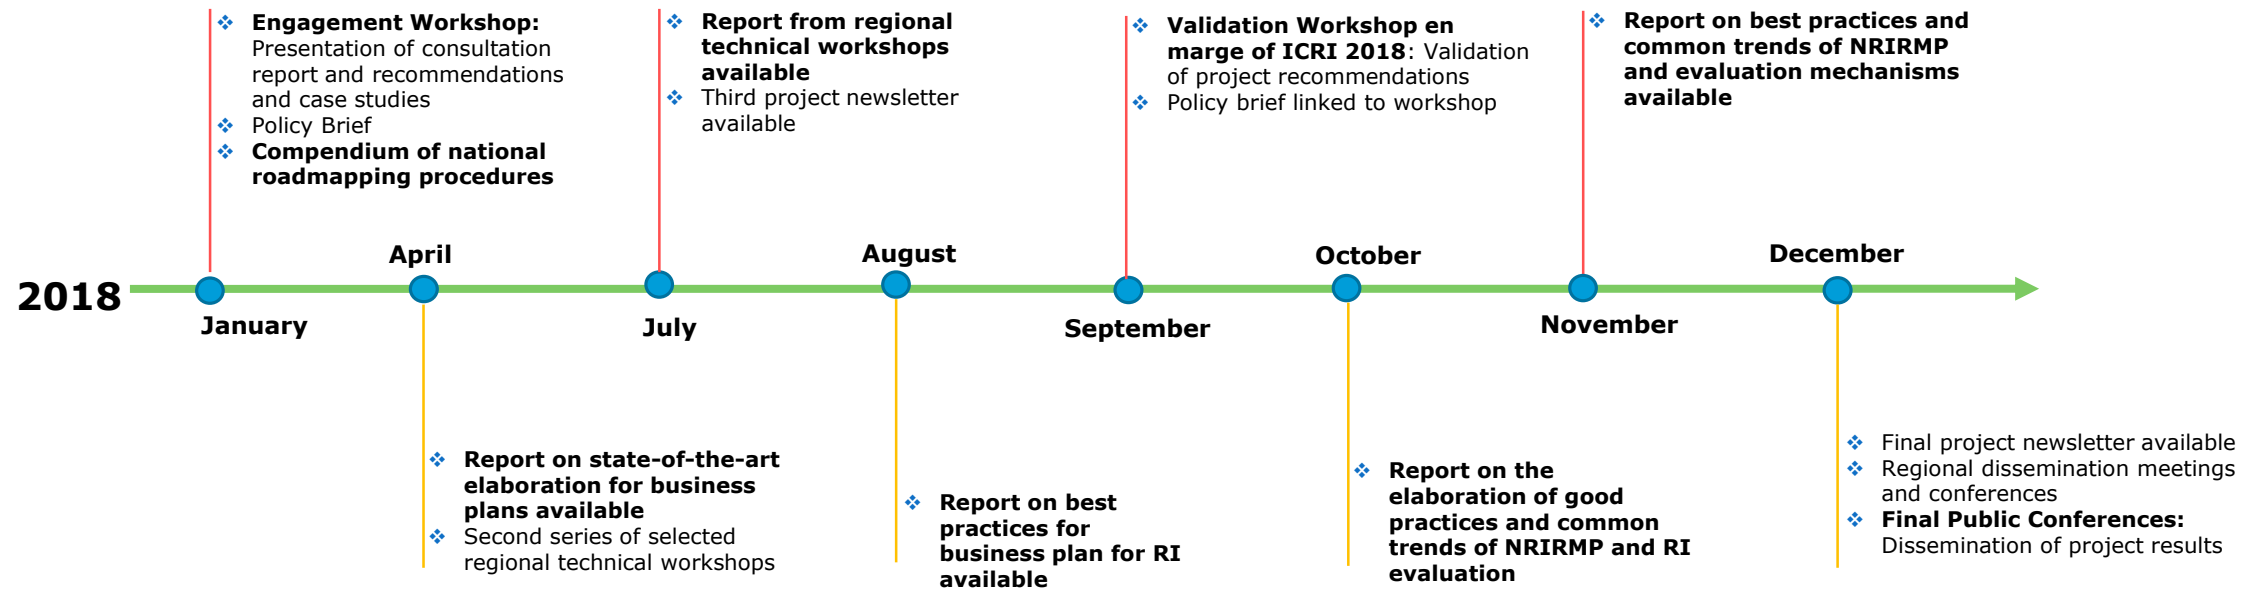

Organise workshops with the relevant stakeholders on the above mentioned issues by the interaction with the reflection group.
